## **DETAILED ACTION**

### ***Allowable Subject Matter***

Claims 1, 3-4, 6-8, 10, 12 and 14-15 are allowed.

The following is an examiner's statement of reasons for allowance: the prior art does not disclose a phthalocyanine co-crystal (or phthalocyanine having a eutectic structure) wherein the co-crystallized phthalocyanines each have a metal atom selected from the atoms listed in claim 1. Claims 4, 6 and 15 were previously allowed in the Office Action mailed 11/15/2010 and the reasons for allowance presented therein are incorporated herein. Eutectic crystalline structures comprising titanium as one of the central atoms of the phthalocyanine ring are known, however, the second phthalocyanine contains non-metal centers in said eutectic crystalline structures. Therefore, since the prior art does not teach the eutectic phthalocyanine crystals of the applicants claims, the claims are allowed.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."
